1. Call Aim

Centro Ceibal calls for public price tender for the acquisition of up to 10,000 Micro:bit programmable devices.

The bidder may offer only the Micro:bit board, only the Micro:bit Go Bundle product, or both.

The bidder may quote value-added services and / or products as supplementary teaching material, face-to-face or virtual courses and workshops, etc.

The bid must be submitted according to the specifications of section 3. BID: Centro Ceibal reserves the right to reject a bid that is not submitted according to this quotation and price scheme.

1. Products to be quoted

1.1. Obligatory

The bidder must quote at least one of the following options:

- 1.1.1. Micro:bit Board
Micro:bit Board with no additional component.
- 1.1.2. Micro:bit Go Bundle
Bundle that includes board, power supply and USB cable.

In any case the Micro:bit board must have installed in it the latest firmware version available at the time of shipment.

1.2. Optional

Didactic material, courses and / or workshops or other value added services are some of the desirable services. In case the added value services offered have extra costs, they should be quoted separately.

2. Bid

The bidder must present his bid by completing the following quoting table:

Product		Unit price according to volume range (CIF MVD)		
		Until 2.000	Between 2.001 and 5.000	More than 5.000
2.1.1	Micro:bit Board			
2.1.2	Micro:bit Go Bundle			

In case of bidding products and / or value-added services, the bidder must specify them and their associated cost separately.

3. Guarantee

The bidder shall guarantee that the products supplied under the contract are new, complete, without use and that they shall be free from defects attributable to the design, materials, manufacture, storage conditions (packaging, appropriate temperature and humidity), transfer or any other act or omission of the bidder that could be manifested on the occasion of the normal use of the products in the prevailing conditions in the country.

Centro Ceibal will assume a warranty period of 6 months from arrival.

4. Terms and delivery conditions

In accordance with the needs of *Centro Ceibal*, it is desirable to have a maximum of 2,000 units within a period of no more than 30 days after the purchase order has been issued, and the remaining within a period not exceeding 30 days after delivery of the first lot.

The bidder must detail his delivery Plan Ceibal podrá a su criterio desafectar la oferta presentada en caso que los plazos no se ajusten a lo estipulado o a las necesidades de Ceibal.

The bidder must indicate characteristics of individual packaging, and labeling, master box and pallet for both products, Micro:bit board and Micro:bit Go Bundle.
